Discharge - Communication

Discharge Communication

☐ To document discharge communication, click the Discharge Readiness tab of the Nursing Communication MPage

☐ Click the Discharge Communication header in the Pre-Discharge Review component.
The *DC Communication* form opens for you to document whom you spoke with regarding your patient’s discharge.

- Document in the **Communication** section when the patient is being discharged to their home.
- Document in the **Communication to Facility** section when the patient is being discharged to another facility.
- **Sign** the form.
